Short Description

Gear Oil, Synthetic, 75W110, 1 qt., Each

Description

Oil Weight: 75W110

Limited Slip Additive: No

Gear Lube Volume: 1 qt.

Synthetic: Yes

SHIPPING NOTE: GROUND ONLY

Joe Gibbs Driven synthetic gear oil is used by Joe Gibbs Racing in every rear differential and transmission gearbox. Its 75w110 weight is specially formulated and designed to reduce operating temperatures by up to 15 degrees compared to other leading brands of gear oil. The gear oil also provides extra protection for ring gears,

pinions, and bearings. Joe Gibbs Driven synthetic gear oil performs well in Ford 9 in. rear-ends, quick-change rear-ends, World of Outlaws Sprint Cars and late models, IHRA Pro Stock, Top Fuel Dragsters, and 24 Hours of Daytona vehicles.
